Our Mission

The mission of Great Lakes Recovery Centers is to offer a recovery program targeting persons from Northern and Upper Michigan and Northern Wisconsin who experience substance abuse related issues.

Our Philosophy

Great Lakes Recovery Centers believes that chemical dependency - alcohol or other drug addiction - is a disease that affects individuals, family members, and the community. The treatment of this illness can best be addressed with an array of services provided by caring professionals involving the individual, family, and community. It is only through this comprehensive approach that long term recovery is strengthened.

Any of our programs can be reached toll free at 1-888-457-2732.
