

**Inter-Tribal Council of Michigan
Anishnaabek Access to Recovery (ATR)
Service Rates**

3/23/09

1

Maximum Amount of Vouchers

Access and Care Coordination = \$1930 per client per 12 month period from date of authorization.

Brief Intervention = \$600 per client per 12 month period from date of authorization.

Outpatient = \$2200 per client per 12 month period from date of authorization.

Intensive Outpatient = \$2500 per client per 12 month period from date of authorization.

Non-Hospital Residential = 30 days per client per 12 month period from date of authorization.

Recovery Support = \$1600 per client per 12 month period from date of authorization.

Important things to Remember

- Voucher limits are set on a 12 month cycle from when a voucher is initially approved. For example, if a client #999 has an outpatient voucher authorized in the amount of \$2,200 on September 3, 2008; client #999 would not be eligible for an additional \$2,200 for outpatient until September 3, 2009. The voucher might expire and be re-authorized during that time but the total amount of available funds for that client for outpatient will be \$2,200 until the 13th month after the initial authorization.
- Transaction limits are currently set on a 12 month cycle. For example, if you processed a housing support transaction for client#999 in the amount of \$250 on September 3, 2008; client #999 would not be eligible for housing support again until September 23, 2009.
- Reauthorizations of vouchers that exceed the set amounts must be justified and authorized prior to the client receiving the service. Use the ATR Service Reauthorization form and fax it to Connie DePlonty, ATR Voucher Coordinator for review and authorization. Phone – (906) 632-6896 ext. 119
- Never bill any direct client care such as transportation or special needs etc. under an hourly rate code. Direct client expenses charged to hourly service rates will not be authorized for payment.

Note: The service codes in this document are organized under the type of voucher they are associated with. Please post transactions against the appropriate voucher.

Access and Care Coordination Voucher Services		
Service Code	Unit Cost	Unit Definition and Maximum
2010 = Screening	\$ 10	Screen Complete
2011 = Clinical Assessment	\$ 20	.25hr/Maximum 2 hrs./\$160. (4 units/hour) (\$160/year limit)
