About Barbara C. Weber, Ph.D

Dr. Weber is a fully licensed psychologist who has resided in the Sault area since 1999. She received her Ph.D. in Counseling Psychology and M.A. degree in Educational Psychology from Arizona State University. Dr. Weber has extensive training in cognitive behavioral and psychodynamic therapy with adults as well as a specialty in work with children and victims of abuse. She completed her internship at the Allendale Association where she gained experience with seriously emotionally impaired children in residential settings and participated in seminars on family and play therapy. Additional experience includes work with juvenile offenders through home based therapy and in the Southern Oaks Juvenile Correctional Facility. For the past several years, Dr. Weber has treated adults, children, and families in an outpatient setting where she has written behavioral plans for behaviorally disordered children and children with developmental disorders. Her experience includes providing learning disability evaluations for the school system as well as conducting ADHD evaluations. She has presented nationally on adolescent suicide prevention and published in journals including Suicide and Other Life Threatening Behaviors.

About Robert J. Devers, Psy.D.

Dr. Devers is a fully licensed psychologist who has worked in the area for over a decade. Dr. Devers received his Specialist Degree in School Psychology in 1991 and his Doctoral Degree in 1993 from Central Michigan University. He completed an internship at the University of Arkansas for Medical Sciences, Department of Pediatrics, and a Fellowship at Mid Michigan Regional Hospitals, Physical and Behavioral Medicine, prior to moving to the area. Through his training and experience, Dr. Devers has developed expertise in the treatment of children and their families. He has worked extensively with Developmental, Learning, and Behavioral Disorders seen in children that have a psychiatric condition, physical disorder, or have experienced significant stress or trauma. In addition to therapeutic services, Dr. Devers provides a number of consultation services such as seminars, program development, and evaluation services.
