Client Program Enrollment Instructions

GPRA Form Intake ___ Follow-up ____

Note: Client **must** have an Opioid Use Disorder to enroll in MAT or SOR1. For SOR2 an opioid or stimulant diagnosis is required This diagnosis can be current or in the client's history. You can check the client's history, if possible, for an old diagnosis. If the diagnosis is not current, select the best ICD-10 code possible (i.e., in remission).

Beginning October 1, 2020, all new intakes will be automatically enrolled in all available services that the client is not currently enrolled in. This means we will be using one GPRA and there will be no need to submit multiple watermark forms from this point on.

When completing the GPRA please fill out the following pages:

Intake: Cover Page, Pages 0-22

3 & 6 Month follow-ups: Cover Page, Pages 0-6 and 11-23

If you have any questions, or need assistance, please contact Amanda Frazier at Amanda.Frazier@itcmi.org or, Josh Mayo at jmayo@itcmi.org

Assigning ID numbers to new clients.

Important: **Follow these instructions for modifying an existing client ID number or assigning a new client ID number.** Note: All **NEW** clients will need a **NEW GPRA intake** completed.

Assigning a new Client ID number: If a client is new, they will receive a new 4 digit number that identifies both the Tribe that is providing services to them, and the type of program.

Modifying an existing client ID number: If a client is already enrolled in services such as Peer Recovery Support (P) and has a Client ID like **BM4001P**, they will keep their current client ID number. You will add an additional letter(s) at the end of the Client ID, M for MAT, P for Peer Recovery, T for Telehealth, and/or S for SOR2.

Example: **Client's ID number is BM4001PM** and they are receiving Peer Recovery Support and MAT.
The same client is then enrolled in SOR, their **Client ID number becomes BM4001PMS**

Every Client ID will contain three things:

1. The prefix of the Tribe where services are provided - such as Bay Mills is BM, Sault Tribe is ST, etc.
2. A number - either existing Client ID number or a new 4-digit number
3. Letter(s) signifying the type of program - P, M, T and/or S

Attention: Tribes are now responsible for assigning numbers to clients. It is exremely important that a staff member at your agency keeps a **log of names that match numbers** in a secure location as we no longer have the voucher system and cannot match client numbers with names.
